

Mobility 4.0 – Intelligent, Efficient, Centimetre-Precise

Mitsubishi Electric presents innovative mobility solutions at the international trade fair Mobility Electronics Suppliers Expo (MES Expo) in Berlin

Ratingen, Germany, 4th November, 2019

With the MES Expo, Messe Berlin is taking up one of the most dynamically developing themes of our time - mobility. From 5 to 7 November 2019, Mitsubishi Electric shows its visions and concrete solutions at the Mobility Electronics Suppliers Expo (MES Expo), the first international trade fair to be held in Berlin.

Under the motto "Moving Forward Together", Mitsubishi Electric presents its innovative mobility solutions, from state-of-the-art train technology to groundbreaking vehicle concepts with a focus on safety, reliability, comfort and sustainability. Interactive 3D platforms provide visually stimulating insights into the mobile world of Mitsubishi Electric.

"As a rapidly developing field, "Smart Mobility" is of great importance, and Mitsubishi Electric, as the world's leading company in the manufacture and sale of electrical and electronic products and systems, is closely associated with this topic.

The MES offers an excellent platform for exchange with representatives from a wide range of fields. We are looking forward to participating," says Andreas Wagner, President of the German Branch of Mitsubishi Electric.

Digitization, autonomous driving, vehicle connectivity, electric mobility - the future of mobility presents new challenges and new opportunities. Mitsubishi Electric invites you to the panel discussion "Mobility 4.0 - intelligent, efficient, accurate to the centimetre" on 6 November at 11 a.m. to discuss forward-looking technology trends with high-ranking representatives from industry, business and technology - from tomorrow's trains to 3D road maps and high-precision positioning systems.

The discussion group will include representatives of the German Railway Industry Association (VDB), ioki GmbH (start-up company of Deutsche Bahn AG) and Berlin Partner for Business and Technology.

Visit Mitsubishi Electric from 5 - 7 November 2019 at Messe Berlin | Hall 2.2, Stand 310 and find out about exciting trends and the latest developments in the rail, commercial vehicle and automotive sectors.
